If other customers are sitting on these reserved seats, then it is necessary that watchman/sub-staff should request them and make these seats available to special accountholders.
3. If needed by such special accountholders and if there is oral demand by them, then branch should arrange the necessary customer service at their homes. Such declaration is to be publicly displayed in the branch, which has been sent by head office.
4. 1st October is world Senior Citizen Day. The branch will honor senior citizens by arranging normal programs.
5. Excluding blind, physically challenged & disabled persons, the minimum balance rule is not applicable for deposit accounts of above-mentioned senior citizens. That is why, no charges should be debited to these accounts. Whatever the balance in their accounts they should be provided two cheque books of 15 pages each. For that, no charges are to be levied. If should not be insisted that the accountholder should come himself for collecting the cheque book. The cheque book should be handed over to person authorized by them. Considering their need & demand the arrangement should be made for home delivery of chequebook.

independent witnesses. Under such exceptional circumstances, the necessary timely action should be taken as per the advice of head office.

8. At present there is no provision in our CBS system based on date of birth of account holders for automatic conversion to make senior citizen. Hence, based on date of birth, if the account holder is completing 60 years of age, then branch should mark his account as senior citizen, suo moto and this should be informed to him. For that, there should not be demand for written application from them. To help the branches in this, IT & MIS Department at head office will send the list at the end of month of the account holders who will be completing 60 years in the next month. The branches as per that list should mark the accounts as Senior Citizen manually from time to time.

9. Now we have made available the keys in brail language in new ATMs, this should be necessarily informed to blind accountholders.

10 Before extending any facility to senior citizen, it should be ensured that necessary KYC compliance has been done. Otherwise, the facility should be made available at only after KYC compliance.
